Professor Kadakia;

I had the privilege to be mentored by Professor Shailesh Kadakia. Professor Kadakia is highly knowledgeable in various areas including Mathematics, Physics, and Sciences. Professor Kadakia mentored me in Calculus, which helped me understand the material much better. During tutoring, the material for calculus was elaborated and simplified to be better understood. I was able to do calculus with much ease after Professor Kadakia's mentoring. I would highly recommend Professor Kadakia, as he has helped me greatly and can aid many more students.

Kind Regards;

Randy Mendiola
